If, however, a candidate reports to the Superintendent in charge of the examination room, that his machine has gone out of order, the Superintendent will intimate this to the head of institution concerned if he is waiting outside on the premises and will permit such head of institution to enter the examination room (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex-gratia* the whole responsibility resting on the candidate and the head of institution.

3. A similar concession will be allowed in the case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, etc.

4. No extra time will be given to candidates to compensate for loss of time while the machine is out of order and is being set right.

A similar certificate must also be produced by a private candidate signed by a recognised institution.

7. All the machines will commence work from the I Batch, except the machines on which there are individual candidates, who will work only in the III Batch.

8. Candidates will have to provide themselves with typewriters, rulers, carbon papers, etc., required for the examination.

9. Managers and instructors are hereby informed that they should distribute carbon papers, etc., to their candidates before they enter the Examination Hall. No one is allowed to pass the same from one batch to another.

10. Strict silence should be maintained in the Examination Hall.

11. The Heads of Institutions and private candidates are requested to instal their typewriters on tables provided for them in accordance with the numbers assigned for each machine in the Examination Hall at 6 A.M., on the days of the examination. Under no circumstances they are allowed to change the tables or their numbers. The machines can be removed only after the close of the examination.

12. An identification card showing the allotted machine must be tied to the back right foot of the machine with the register numbers and names of the candidates with the batch noted against each. If any high stools, metal covers and base boards are brought by them, similar identification details with the name of the institution should be marked on them also.

13. The information required in the annexed form should be furnished separately for each grade in duplicate by the heads of the institutions and private candidates so as to reach the Chief Superintendent, Mysore Government Commercial Examinations, Mysore, Bangalore City and Shimoga on or before Saturday the 5th March 1944.
